

RANDStore Information

RANDSTORE Handling Charges

Annual Storage Cost - £9/tonne.

This includes:

- Grain testing and analysis
- Competitive drying and cleaning costs
- All loading in and out
- Annual grain management
- Option to sell your feed wheat into RANDSTORE and receive an additional premium per tonne over ex-farm price
- All handling charges are based on a delivered gross weight
- All storage charges are based on a net dry weight

Other Charges

- All wheat entered into the futures store will incur a weighbridge charge of 23p per tonne plus VAT and levies

Moisture

- Cereals – No weight loss below 15.5% moisture but cereals will be dried from 15.6% when the weight loss will be calculated from 14.5% moisture
- Oilseed rape – The indicative weight loss for oilseed rape is taken down to 8.5% when it has to be dried. No weight loss on intake moisture below 9.5%

Admixture/Screenings

- Cereals – No cereals will be rejected but a weight loss of 1% over 2% screenings will apply to those products subjected to a specification for screenings. A bonus will be paid on members screenings at applicable market price
- Oilseed rape – 1% weight loss for every 1% over 2% admixture. There will be a cleaning charge of £4 per tonne for 4.1% - 10%, above 10% would be by agreement
- Unripe oilseed rape – There will be a £2 per tonne blending charge on all oilseed rape with 4.1% - 8% green/brown seeds. Over 8.1% by negotiation with RANDSTORE. No weight loss will apply

Benefits

- All bonuses for oilseed rape will be paid from stated FOSFA contract terms based upon analysis at intake to store. Oil content in excess of 40% is subject to premium of 1.5% for each 1% and admixture below 2% is subject to a premium of 1% for each 1%
- Based on selling price, all oilseed rape below 9% moisture gains 1% per 1% down to 6% under this by agreement or from 8.5% if the oilseed rape has been dried

Storage Payment

- Members will be charged three equal installments starting on the 14th October plus any additional charges.
